

Earn Your Master's Degree in Marinette County

Earn your Master of Science in Education degree from the University of Wisconsin-River Falls. A Shared Inquiry Community will begin on the UW-Marquette campus in Summer 2014.

Shared Inquiry Community Master's Degree Program

Learn with peers while you develop new skills to promote learning in your classroom or other learning environment. Courses are beneficial to educators, vocational and technical school instructors or others interested in developing leadership skills in education.

Apply what you learn in your workplace; become a more innovative, understanding and knowledgeable educator; and bring leadership to your school and your students.

Unique Features

- Earn your master's degree in 16 months.
- Meet on the UW-Marquette campus one weekend each month, 10 days each summer.
- Pay same tuition rate regardless of where you live.
- Achieve goals based on educator standards.

"I'm glad to have completed this program. It was convenient because it was local and relevant because I was able to study things that mattered in my classroom."

About UW-River Falls

We have a national reputation for excellence in teacher education, producing educators with superior teaching skills and knowledge.

Our innovative and learner-centered programs respond to changing professional needs of teachers. Coursework, facilities, and learning formats are rigorous and up-to-date.
